My response, which Peter Menzies and I developed, is that if we accept the interventionist theory of causation, the causal exclusion argument does not generally hold. In my experience, this builds our relationship and allows them to feel like I am here to help instead of constantly pushing my own agenda. The years during which he held the post- to -encompassed the dustiest, the down-and-outest the region had known since white men settled there, and young Herb Clutter, having, as he did, a brain expertly racing with the newest in streamlined agricultural practices, was quite qualified to serve as middleman between the government and the despondent farm ranchers; these men could well use the optimism and the educated instruction of a likable young fellow who seemed to know his business.
